WITH MEYER IMPORTS MINIS

FEATURING DESIGNS BY STEPHANIE GARD BUSS

BEWARE

Beware the welcoming witch! Set the scene with a vintage metal tray, using black and gray bottlebrush trees with branches and leaves to create a creepy forest and craft moss for an autumnal forest floor. Fairyland garden flakes create a sooty base for the campfire, and pumpkins and mushrooms add dimension and color.

THE BLACK CAT

This arched-back black cat warns us that a giant black spider is stalking the garden, while a wee kitten hides behind a pumpkin. Create this piece with some basic craft store items: a wood slice, some moss, and a fence piece, then add texture and charm with Meyer Imports Halloween Miniatures! Create something unique with our tiny pumpkins, cats, mushrooms, and our famous hay bales!

A SPOOKY FENCE

Create a fun Halloween display with our hay bales, Erzgebirge fencing, and our fun Jack-O-Lantern assortment! Just glue the hay bale onto a vintage silver-plate tray, and then glue in the fence and craft moss. Stack some pumpkins and embellish with our spooky bat, spider, black cat, spun cotton mushrooms, branches, and other scary treasures!

RETRO WITCH

Retro Witch and Top Hat Jack seem to be commiserating on some kind of Halloween mischief! Starting with a vintage compote, use a hot glue gun to add a wood slice to create your base inside. Cover with craft moss, and add our witch, jack o'lantern, and black cat. Tuck in spun cotton mushrooms for a charming Halloween centerpiece.

B*O*O

These goofy jack-o-lanterns are nestled in black craft moss in a vintage silver plated butter dish. Embellish the hats with our creepy spiders, and, using craft store letter beads, spell out B-O-O on the hats. Craft store "bones" add texture and interest.
